---

### 1. WHAT IS IN THIS LEAFLET?

---

Please read this leaflet carefully before you start using LGP FLOWER CBD 14 medicine.

This medicine is only available with a doctor's prescription. This leaflet answers some common questions about LGP FLOWER CBD 14. It does not contain all the available information. It does not take the place of talking to your doctor or pharmacist.

All medicines have risks and benefits. Your doctor has weighed the risks of you using LGP FLOWER CBD 14 against the benefits he or she expects it will have for you.

If you have any concerns about using this medicine, please ask your doctor or pharmacist.

Please keep this leaflet with the medicine as you may need to read it again.

---

### 2. PRODUCT DESCRIPTION

---

LGP FLOWER CBD 14 is a medicinal cannabis product containing primarily cannabidiol (CBD) with small amounts of other cannabinoids. LGP FLOWER CBD 14 consists of whole dried cannabis flowers which have been grown under controlled conditions.

### WHAT IT LOOKS LIKE

Each medicine is supplied as 15 grams dried flower from the cannabis plant, in a box that contains 3 x 5 g packs and one dosing spoon.

### EACH ONE GRAM OF LGP FLOWER CBD 14 CONTAINS:

Cannabidiol (CBD): 140 mg

Other cannabinoids: Less than 10 mg

---

### 3. WHAT IS LGP FLOWER CBD 14 USED FOR?

---

There is growing evidence that medicinal cannabis products may have a role in some medical conditions including: intractable chronic pain, not sufficiently responsive to other analgesics; pain associated with spasticity in multiple sclerosis (MS); pain associated with cancer in palliative care; cancer treatment induced nausea and vomiting; appetite loss; insomnia; post-traumatic stress disorder (PTSD); abnormal muscle and body wasting; and drug-resistant epilepsy.

Your doctor may have prescribed LGP FLOWER CBD 14 for you for another reason.

After assessing your clinical condition, your doctor may decide that LGP FLOWER CBD 14 may be of benefit to you.

**Please ask your doctor if you have any questions about why LGP FLOWER CBD 14 has been prescribed for you.**

The potential therapeutic benefits as well as the unwanted side effects associated with medicinal cannabis use may vary between individuals, the medical condition being treated and the amount and type of medicinal cannabis used.

Your doctor will assess the suitability and dose of the LGP FLOWER CBD 14 for your clinical condition.

**HOW IT WORKS**

The exact mechanism and magnitude of the effects of CBD, is not fully understood. The CBD in LGP FLOWER CBD 14 interacts with the body's natural endocannabinoid system, which is involved in a range of functions including sleep, stress, pain, appetite, memory, digestion, and anxiety. Cannabinoid receptors are found throughout the body in most tissues and organs, but they are especially numerous in the immune system and central nervous system.

CBD is a non-psychoactive substance and is not expected to produce euphoric effects.

---

**4. BEFORE YOU TAKE LGP FLOWER CBD 14**

---

**Do not use LGP FLOWER CBD 14 if:**

- 🍃 you are allergic to cannabis.
- 🍃 you are pregnant, are planning to get pregnant, or you are breastfeeding.
- 🍃 you have a personal or family history of schizophrenia or psychosis or serious mental disorders.
- 🍃 you are under 18 years of age.

**Tell your doctor before using LGP FLOWER CBD 14 if:**

- 🍃 you have liver, kidney, heart, or lung problems.
- 🍃 you have epilepsy or recurrent seizures.
- 🍃 you have a family history of serious mental disorders such as schizophrenia, psychosis, depression, or bipolar disorder.
- 🍃 you have a history of alcohol or drug abuse or substance dependence.

**Do not take LGP FLOWER CBD 14 after the expiry date has passed.**

**Do not take LGP FLOWER CBD 14 if the packaging is damaged or shows signs of tampering.**

**If you are not sure whether you should start taking LGP FLOWER CBD 14, please contact your doctor or pharmacist.**

**Taking LGP FLOWER CBD 14 with other medicines.**

**Tell your doctor if you are taking other medicines including medicines that you buy without a prescription from your pharmacy, supermarket, or health food shop. You should also tell any health professional who is prescribing a new medicine for you that you are taking LGP FLOWER CBD 14 as some medicines may interact with it and increase or reduce its effects.**

Some medicines may interact with LGP FLOWER CBD 14. These include:

- 🍃 any drugs which slow down the central nervous system, causing drowsiness for instance sleeping pills, sedatives, some pain medicines, some allergy or cold medicines, anti-seizure medicines or alcohol.

☛ antiretroviral drugs used in the treatment of HIV/AIDS, some antidepressants, stomach acid inhibitors, some antibiotic and antifungal medicines, certain heart medicines and Saint John's Wort.

These medicines may be affected by LGP FLOWER CBD 14 or may affect how well it works. You may need different amounts of your medicine, or you may need to take different medicines.

Your doctor or pharmacist has more information on medicines to be careful with or avoid while taking LGP FLOWER CBD 14.

---

## **5. HOW TO TAKE LGP FLOWER CBD 14**

---

### **HOW AND WHEN TO TAKE IT**

Your doctor will advise you on the most appropriate way to take LGP FLOWER CBD 14.

There is not yet a scientifically defined dose of medicinal cannabis for many medical conditions. Your doctor will work with you to decide the dose of LGP FLOWER CBD 14 that best suits you and your condition. If you have not consumed medicinal cannabis before, it would be prudent to have someone with you the first time you use it.

**Follow all directions given to you by your doctor and pharmacist.**

Your doctor will guide you how to start with a very low dose and gradually increase the dose using the approach of "Start Low, Go Slow".

You and your doctor will monitor the medicine's effectiveness and any unwanted effects.

Your doctor will advise you how long you should keep taking LGP FLOWER CBD 14 for.

### **IF YOU FORGET TO TAKE IT**

Wait until the next dose is due. **Do not take a double dose to make up for the dose that you missed.** This may increase the risk of getting unwanted effects.

### **THINGS YOU MUST DO**

Stop using LGP FLOWER CBD 14 immediately and consult your doctor if you begin to experience any severe side effects (see section 7. SIDE EFFECTS).

If you are about to be started on any other new medicine tell your doctor and pharmacist that you are taking LGP FLOWER CBD 14.

### **THINGS YOU MUST NOT DO**

Do not give LGP FLOWER THC to anyone else, even if they have the same condition as you.

LGP FLOWER CBD 14 may make you feel different than usual and slow your coordination, reaction times and motor skills.

**DO NOT DRIVE OR OPERATE HEAVY OR DANGEROUS MACHINERY WHILE TAKING LGP FLOWER CBD 14 UNTIL YOU KNOW HOW LGP FLOWER CBD 14 AFFECTS YOU AS IT MAY CAUSE DROWSINESS.**

### **THINGS TO BE CAREFUL OF**

LGP FLOWER CBD 14 may make you feel differently than usual. Discuss these aspects and any potential impacts on your daily activities.

### **EFFECTS ON ABILITY TO DRIVE AND USE MACHINES**

Negligible but detectable amounts of THC (tetrahydrocannabinol) are also present in this medicine. Please discuss driving restrictions and employment medical testing with your prescriber.

---

## 6. IF YOU TAKE TOO MUCH (OVERDOSE)

---

If you think that you may have taken too much LGP FLOWER CBD 14, immediately telephone your doctor or the Poisons Information Centre on 13 11 26 or go to the Emergency Department at your nearest hospital.

**Do this even if there are no signs or symptoms of discomfort or poisoning.**

Symptoms of overdose may include excessive sleepiness, confusion, disorientation, clumsiness or loss of coordination, fainting, dizziness, chest pain, fast, slow, or pounding heartbeat, panic attacks, loss of contact with reality and seizures.

---

## 7. SIDE EFFECTS

---

**Tell your doctor or pharmacist as soon as possible if you start to feel unwell after using LGP FLOWER CBD 14.**

All medicines can have side effects. Sometimes they are serious, most of the time they are not. You may need medical treatment if you experience severe side effects.

**Do not be alarmed by this list of possible side effects. You may not experience any of them.**

Some of the known side effects of CBD medicinal cannabis are:

- 🌿 dizziness, drowsiness, feeling faint or lightheaded
- 🌿 feeling tired or changes in sleep patterns
- 🌿 feeling sick, vomiting
- 🌿 upset stomach
- 🌿 diarrhoea or constipation
- 🌿 blurred vision
- 🌿 appetite changes
- 🌿 fast heartbeat

🌿 dry mouth, changes in taste

🌿 rash

Other side effects not listed above may also occur in some patients.

**Tell your doctor or pharmacist if you notice any unwanted effects and they can advise you on how to manage them.**

Consumers, patients, carers, and healthcare professionals are encouraged to report adverse drug reactions to the Therapeutic Goods Administration, [www.tga.gov.au/reporting-problems](http://www.tga.gov.au/reporting-problems)

---

## 8. PRODUCT HANDLING

---

### STORAGE

**Store below 25°C. Protect from light.**

Keep out of reach of children.

### DISPOSAL

Return any unused or expired LGP FLOWER CBD 14 to a pharmacy for safe disposal.

### EXPIRY

Refer to the expiry date shown on the packet label.
